# THE PREFACE.

**H**aving publish'd a Catalogue of all the Common and Statute LAW BOOKS of this Realm, with an Account of their several EDITIONS, DATES, and PRICES, which, meeting with uncommon Approbation and Success, encouraged me to attempt the following ENGLISH TOPOGRAPHICAL LIST; wherein I have spared no Pains or Care to render it acceptable. The Method is easy, being Alphabetical, either of the Authors Names, or Principal Titles of those Books, where no Author's Name is prefix'd. I have also taken notice of the various Editions, the Times when printed, and wherein they differ. To which is added a Table of the Places described.
